FACIALS

Fitness Facial

True fitness for dehydrated and sensitive skin. The perfect combination of our deep cleansing treatments is applied to create a results-driven facial for a truly one-of-a-kind experience.

Apple Stem Cell Facial

Our new breakthrough anti-aging treatment restores youth by regenerating skin cells with our special apple stem cell nano technology to refresh and exfoliate while helping to reverse signs of aging.

Clarifying NutraSphere Facial (recommended for teens)

This clarifying facial targets breakout prone skin for teens to adults with a proprietary blend of probiotics and colloidal silver to clarify and balance skin while nourishing and healing.

PEELS

Acid Peel

This effective yet gentle peel helps to brighten skin while treating any breakouts with a custom blend of green tea and wheat grass for a great complexion and radiant skin. Available for back, neck and chest.

Diamond Peel

This treatment is ideal to help smooth skin and erase marks, scars and discoloration while softening the look of fine lines and large pores with a diamond tipped wand. Available for back, neck and chest.

LED LIGHT TREATMENTS

LED Blue

LED blue therapy targets cells beneath the surface of the skin to fight breakouts and prevent new ones for a great complexion and radiant skin. Available for back, stomach and chest.

LED Red

LED red therapy works to “wake up” collagen in your skin to calm skin redness, and the results are a plumper, firmer and more youthful complexion. Available for back, stomach and chest.

Infrared Therapy

This treatment is a deep rejuvenation for hypersensitive skin to remove wrinkles, age spots and sun damage.

SPECIALTY

Oxygen

Hyperbaric oxygen, in conjunction with vitamins, minerals and cutting-edge rejuvenating peptides, are used throughout this treatment to nourish and revitalize the skin cells.

Collagen

Our NutraSphere collagen infrared beam technology with Omega 3 and 6 restores youth, firmness and elasticity to the skin, giving it a healthy glow.

Chemical Peel

This safe, effective peel utilizes professional grade Nano Peel, phytic acid and a complex of green apple stem cells to gently refine sun damage and acne scars and soften fine lines. **Customized for individual skin type. O**

Total Lift

The latest break-through technology stimulates collagen production and the overall result is tighter skin which significantly reduces sagging and wrinkles. Available for stomach, thighs, face, neck and buttocks.
